Brivo Access Editions

The right physical security fit for any enterprise, any size

Unify Access Control, Video Intelligence, Visitor Management, and Intrusion

Brivo Security Suite is available across three editions so you can design the package to fit your needs

Standard

Core functionality for physical security

The Standard Edition is an entry-level solution with core functionality and add-on capabilities with essential tools to secure facility access including event tracking, user and credential management, facility lockdown and video surveillance.

Professional

More intelligence and security across facilities

Professional Edition empowers organizations to be more efficient and effective across their facilities. Added features include Reader commands, Occupancy tracking, Trend analysis, Enhanced Access functionality, Brivo Snapshot, and more.

Enterprise

Scale security for multiple locations

Enterprise Edition offers features designed to manage large numbers of access points, across many locations, while meeting increased security and compliance requirements. Added features include Data Explorer, Anomaly Detection, Incident Management, Enhanced Video functionality and more.

Feature Packs

Enhanced Access
Advanced access control capabiilities for managing mutliple sites, buildings or properties, such as elevator controls, floor plans, bulk actions and more.

Enhanced Video
Expand your coverage with the ability to integrate additional video systems.

Enhanced Reporting
Gain additional insights with occupancy tracking, custom event classification, & event trend analysis. Visual and analyze data with Data Explorer.

Intrusion & 24/7 Monitoring
Further strengthen security by unifying intrusion, access and video & gain extra layer of protection.
