

Security²

Exponential power.

Global leaders in cloud video surveillance and access control

Security²

Brivo and Eagle Eye Networks forge an elite alliance that brings together the best, most trusted, cloud access control and video management solutions to multiply your security power.

With Brivo and Eagle Eye Networks you are getting the power, expertise, and depth of experience - from two global cloud security leaders in access control and video surveillance to:

- » **Secure** people and assets
- » **Protect** infrastructure with industry-leading cybersecurity
- » **Manage** security from anywhere
- » **Keep** an eagle eye watch on events

Together we transform data
into intelligence, whenever
or wherever you are.

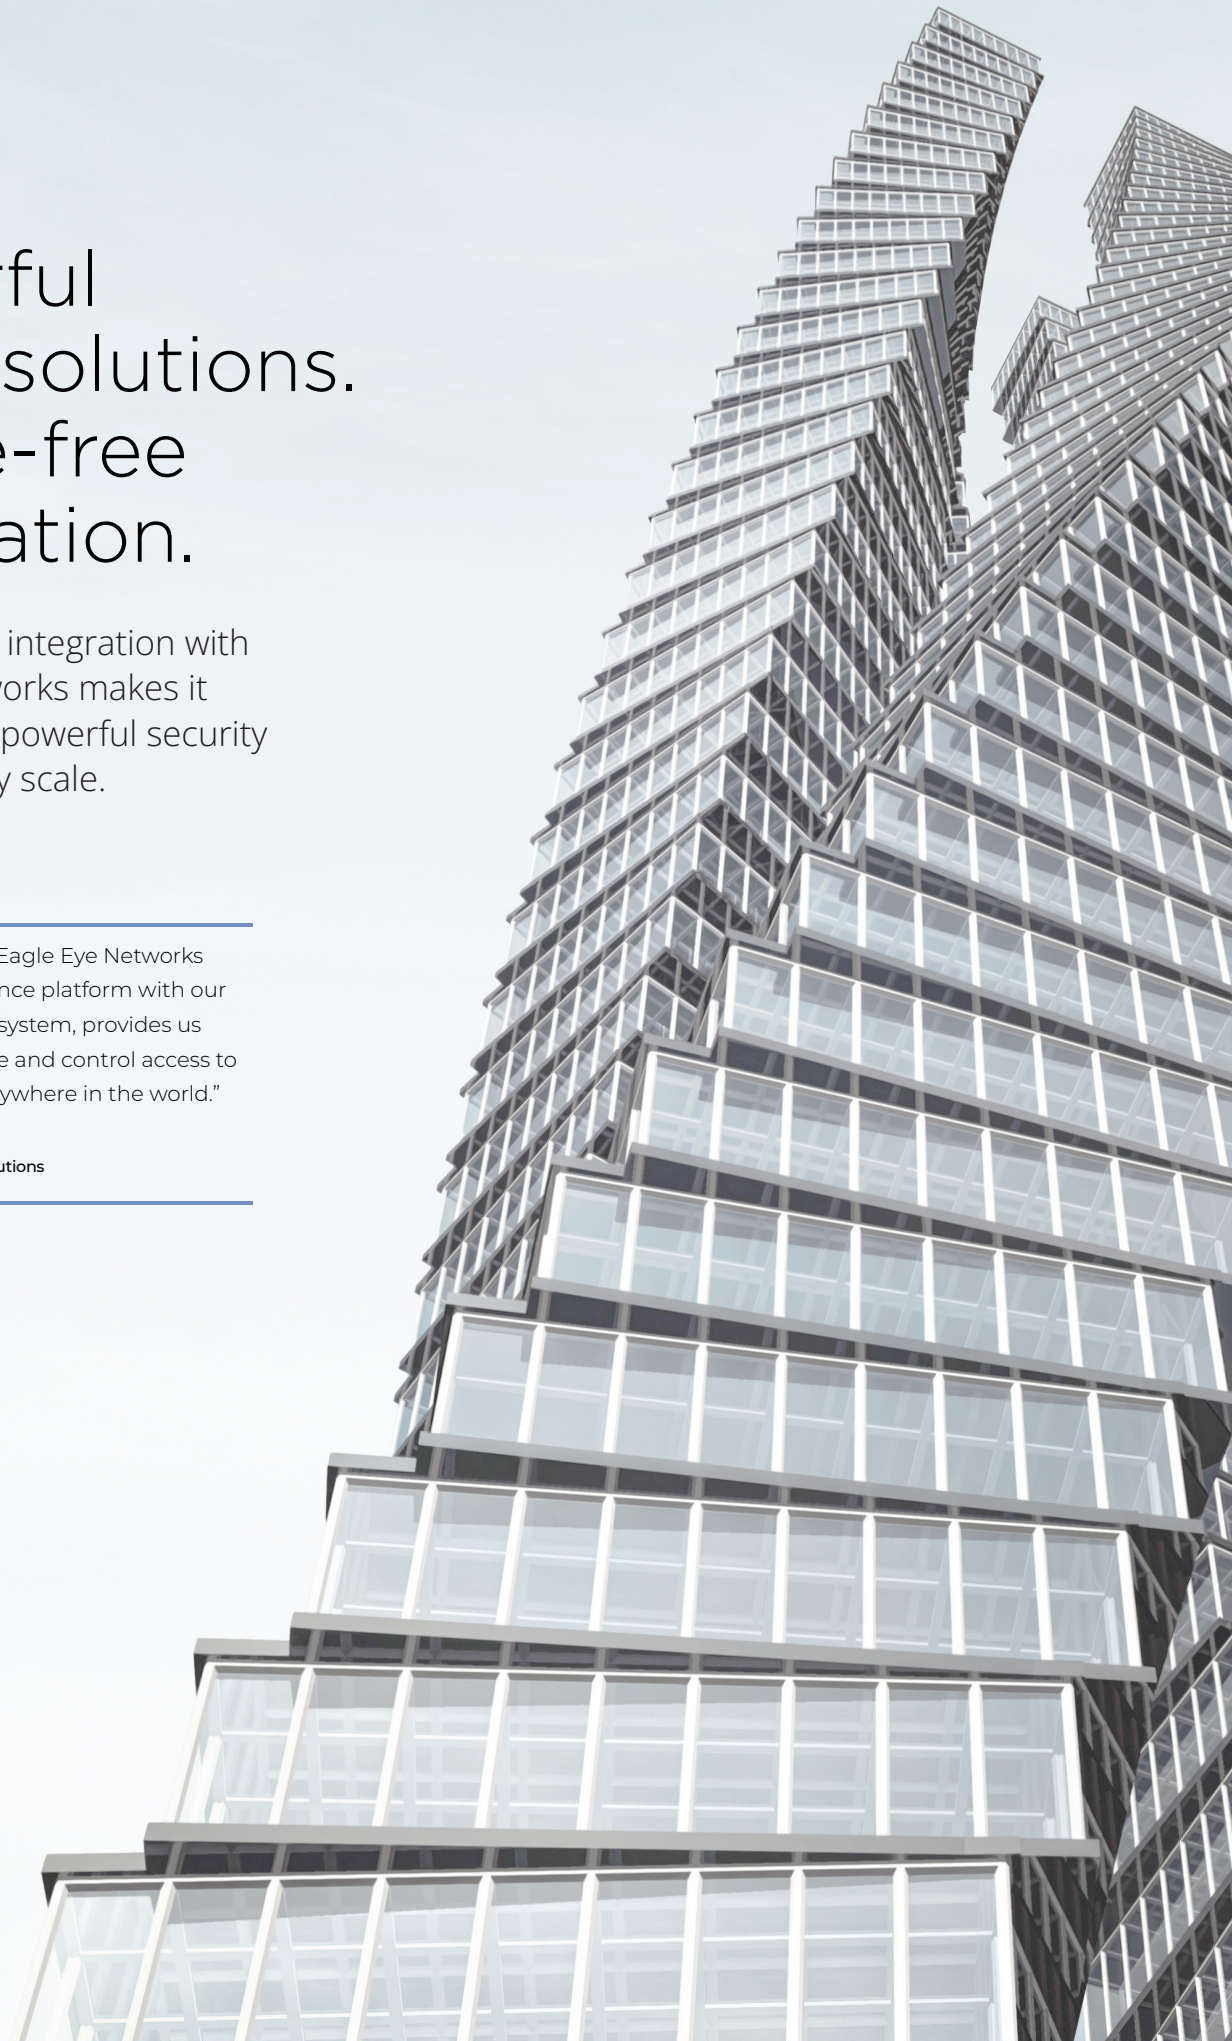

Powerful cloud solutions. Hassle-free integration.

Brivo's flawless integration with Eagle Eye Networks makes it easy to deploy powerful security solutions at any scale.

The combination of Eagle Eye Networks cloud video surveillance platform with our Brivo access control system, provides us the ability to manage and control access to our facilities from anywhere in the world."

Rob O'Neal
Director of IT for Arena Solutions

Better Together For You

Enterprise

All confidence. No compromise.

When compromises aren't an option, you need the power of synchronicity.

- Access events and video streams across the corporate footprint
- Cyber hardened and proven cloud leadership
- Global expertise, local implementation

Commercial Real Estate

Confidence everywhere. Convenience anywhere.

Protect asset portfolios while providing a frictionless tenant experience.

- Convenient and secure access for tenants
- Global view of the entire portfolio
- Open platforms that connect to your proptech ecosystem

Multifamily

Powerful solutions. Living in harmony.

When residents count on you, count on Brivo and Eagle Eye.

- Resident's safety and security
- Monitor entry events throughout the community
- Property manager's security needs simplified

Small & Medium Businesses

Powerful solutions. Syncing made easy.

- Simple tools that work as one
- Solutions that scale and grow with you
- Easy to buy, service, and support from one local dealer network

What Makes Our Integration Different?

Brivo and Eagle Eye Networks are the undoubted leaders in access control and video surveillance.

Our integration gives security and facility managers the best of both worlds, with the simplicity they need. Purpose-built to be the most cyber secure platform available.

Together, we can reduce organizational risk and improve operations.

Key Benefits For You

» **Simplify investigations**

Seamless video-to-access alert connection and cloud storage

» **Identify Potential Threats**

Loitering monitoring to understand if there is a possible threat on the premises

» **Eliminate Tailgating**

Tailgating detection and evidence - know who the offender is and not only detect if it is a threat or confront a "cordial, friendly" gesture for a colleague with proof

» **Manage Health-safety**

Determine if the entrant is wearing a mask during covid, restrict entry/ access if no face mask is detected

» **Do more, faster**

AI-enhanced analytics remote to streamline operations and prioritize actions based on risk

Built-in for Simply Better Security

What You Can Do

- » **View footage** in context with access/ alarm alerts in a single platform- no bouncing from one system to the other
- » **Connect video** to access control events by linking Eagle Eye cameras with Brivo operations
- » **Unlock doors** remotely while monitoring a live view: Use your mobile device to access real-time activity and open doors with a single click
- » **Multi-platform** access control and video: Use Brivo Access to playback recorded video or view live streams on desktop and mobile devices

Together and better for your security

Brivo and Eagle Eye Networks are the undoubted leaders in cloud access control and video surveillance.

Our integration gives security and facility managers the best of both worlds, with the simplicity they need.

Together, we can reduce organizational risk and improve operations.

What You Get

- » **Save time** and money with a more efficient way to manage security
- » **Get the best** of both worlds with premier cloud solutions and unrivaled support through seamless integration.
- » **Designed to be scalable** and flexible to support your ever-changing environment
- » **Cyber hardened** and resilient to today's threats
- » **Better security** for employees, customers, students, residents, and assets
