INCREASE TENANT EXPERIENCE WHILE PROVIDING BEST-IN-CLASS SECURITY

As a property manager, your cost structure seems to be rising year after year. How do you drive down costs, increase revenues, and secure your buildings and tenants all at once? The last thing you should worry about is managing your access control and video surveillance.

BEST-IN-CLASS SECURITY FOR YOUR PROPERTY

With Brivo Onair® you can make sure the properties and tenants are safe and secure.

- Manage one security system for both access control and video surveillance

- Allow tenants and approved visitors to enter your building

- Connect door events with live or recorded video

- Manage all your doors or locations from one system

- Stay secure with loss free credentials

STAY PRODUCTIVE ANYWHERE

Manage your property remotely on your schedule, anywhere and on any device.

- Control access to specific tenant entrances, parking facilities, rooms or locations

- Build custom access schedules for contractors or visitors

- Close facilities remotely in an emergency

- Revoke access rights for lost keycards instantly

- Integrate with identity management systems

FEATURES AND BENEFITS

AFFORDABLE

Eliminate re-keying, re-issuing cards and maintenance costs. Get free technical support when you need it.

SIMPLE TO MANAGE

Secure your property remotely with our mobile app and revoke or reinstate access instantly.

WORRY FREE

No servers to manage, plus free system setup and automatic software updates.

SCALABLE

Add more properties, doors, users or remote video surveillance at anytime.

TRUSTED

Accessed by over 10 million users and thousands of companies worldwide.

INCREASE TENANT ATTRACTION

Mobile devices have become central to our lives and are always on hand. Give your tenants the modern convenience they need.
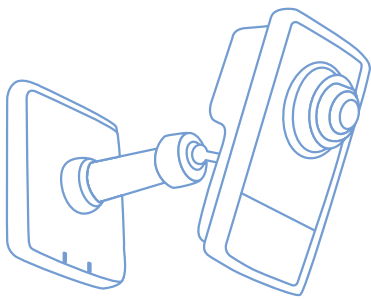

- Give your tenants a single credential for accessing any of your amenities; no need for different cards to access pools, gyms or premium rooms

- Remotely open doors for tenants if someone forgets their phones

- Respond to tenant access requests instantly

- Unlock doors and additional services using the Brivo Onair Pass mobile application

- Increase price per square foot by offering premium amenities

SAVE TIME AND MONEY

Brivo Onair is ideal for property managers with limited IT support and staff and for those looking for ways to reduce costs.

- Access Brivo Onair remotely from anywhere, anytime and from any device eliminating the need to drive back and forth to different facilities

- Save money by eliminating rekeying or reissuing keycards when someone loses them

- Save time chasing down credentials from contractors or tenants at contract completion

- Unlocking doors without the need to be present at your property

- Avoid IT costs related to maintenance, upgrades or backups

> " The Brivo system is fantastic. It's logical and easy to use. I didn't even have to read the manuals. "
