OWN YOUR VISITOR EXPERIENCE AND CONTROL DELIVERIES WITH BRIVO VISITOR

BENEFITS

Automate the sign-in experience to create a welcoming, secure and convenient first impression.
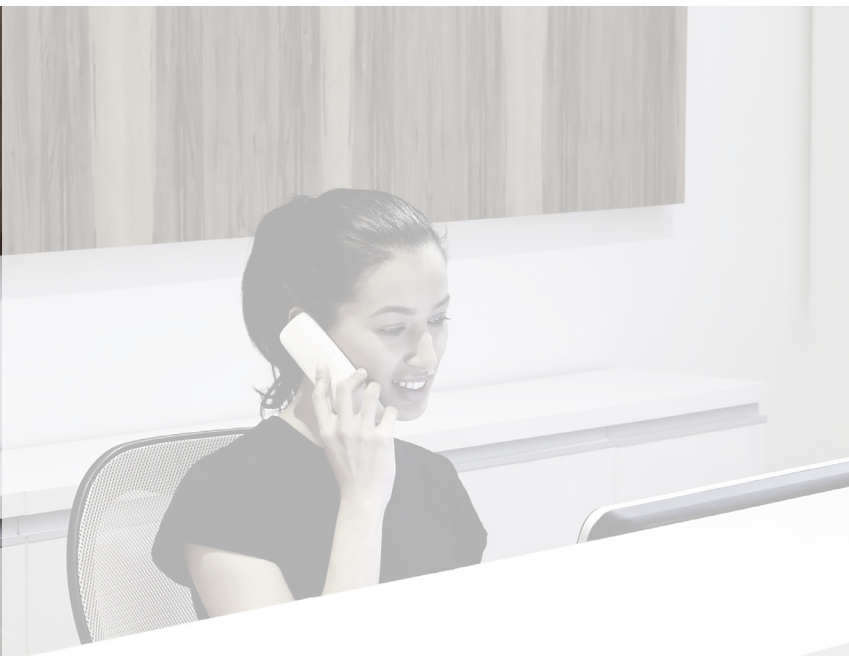

Simplify the process of notifying hosts when their visitors arrive by retrieving host names and sending an email with relevant visitor information.

Control everything from the pages visitors see to the reports that admins generate to keep your facility safe and better understand access events.

Protect everyone in your duty of care with an easy to use solution for visitors and deliveries that directly integrates with your Brivo platform
