

INCREASE YOUR REVENUE AND TRANSFORM RESIDENT EXPERIENCES WITH BRIVO SMART HOME

Improve property appeal

to increase resident retention and quickly fill new units.

Expand management opportunities

by controlling doors across properties from any mobile device and managing vendor access.

Protect your investment and prevent damage

with sensors and property environmental controls.

Safeguard your property with automated access

by setting access control schedules, managing permissions and receiving alerts for important access events.

Deliver a seamless digital experience

where residents open doors, control smart home features, pay rent and submit work orders via one mobile app.

Offer self-guided showings

so prospects run their own tour while the property stays secure.

ONE SOLUTION FOR PROPERTY ACCESS CONTROL AND SMART HOME AUTOMATION

DELIVER CONVENIENCE, AMENITIES AND SECURITY SO RESIDENTS ARE WILLING TO PAY MORE AND WANT TO STAY LONGER

Manage buildings from any connected device

Protect your property and people with real-time video

Support your residents with a mobile-based platform

Create a one-app experience for residents

Achieve peace of mind with smart locks and improved common area access control

Prevent damage and reduce costs by monitoring energy use and door, window and water sensors
